

One Nursing Regulator

Purpose

We lead to inspire excellence to uphold public confidence.

Vision

To be the leader in regulatory excellence

Mission

Protecting the public of Nova Scotia through regulating nursing services by:

Setting practice standards;

Providing registration and licensure;

Approving education programs;

Intervening to preserve safe practice;

Governing and operating with the highest integrity.

Values

Accountability

Transparency

Integrity

Agility

Relational

Being courageous and committed to making evidence-informed decisions

Being accountable and responsible for the decisions we make

Engaging in a participatory, collaborative and respectful way

Disseminating clear, relevant and useful information and guidelines

Being truthful, honest and engaging in respectful dialogue

Performing all activities in a fair and consistent way, precluding bias against anyone

Anticipating and responding with an open mind

Fostering a mindset of collaboration, openness, and innovation

Cultivating and sustaining relationships by being respectful, inclusive, genuine and consistent

Behaving in a manner that encompasses diversity and reflects professionalism
